Claims Rejection Under 35 USC - 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

Claims 1-25, 29 and 30 are rejected under 35 U.S.C. 102(e) as being clearly anticipated by **Haken** (6,629,076).

Haken discloses method and device for aiding speech which comprises a transceiver for short-distance wireless communication, said transceiver being capable of forming an ad hoc wireless network with a plurality of devices wherein the communication between said transceiver and said devices is via signals conforming to the Bluetooth standard, said transceiver and said devices can be configured to be a master or a slave in a master-slave configuration and said devices are mobile devices. (see figure1 and the related disclosure).
